J. Wiseman

# Hope and Courage in the Climate Crisis

Wisdom and Action in the Long Emergency

- **Explores how we can remain hopeful and courageous in the face of the climate emergency**
- **Provides a provocative and inspiring guide to navigate a harsh and challenging physical and emotional landscape**
- **Draws on knowledge and traditions from a diverse range of cultural traditions and perspectives**

"A vitally important book." - Prof Tim Flannery, author of *The Future Eaters* (1994) and *The Climate Cure* (2020) "This valuable book will help you gain the courage needed to continue the fight against climate change and its increasing impacts. Even as a climate expert I learnt many important lessons from these multiple philosophical and religious perspectives." - Prof David Karoly, climate scientist, University of Melbourne, Australia "Hope and Courage in the Climate Crisis is a must read for anyone coming to terms with the climate crisis... Uncompromisingly honest yet always compassionate to the human condition, Wiseman offers not simple solutions, but an enriching discourse grounded in history, philosophy and the great spiritual traditions. ... This generous book is leading the way forward, beyond the existing apocalyptic climate change literature, to offer hope and tangible solutions underpinned by a faith in humanity's interminable capacity for restoration." - Assistant Prof Grant Blashki, Lead Clinical Adviser, *Beyond Blue* and Associate Professor in Global Health, University of Melbourne, Australia As the risks of the climate crisis continue to grow, so too do the challenges of facing a harsh climate future with honesty and courage; justice and compassion; meaning and purpose. *Hope and Courage in the Climate Crisis* explores diverse sources of learning and wisdom –from climate scientists and activists; philosophers and social theorists; Indigenous cultures and ways of life; faith [...]
